

CSP NUMBER PLATE COVER

General description of the product

This product can be freely personalised to include the logotype and the name of the sales scheme offered by the showroom. The material of the product ensures flexibility. It can be adapted to the different dimensions of license plates in different markets. It can be used both outside and inside the showroom.

Application and use instruction

The product (adapted in terms of size and version of the mounting elements) is mounted on the frame of the number plate or if the frame is not present (when license plate is mounted directly to the bumper) it is possible to apply the product directly on the number plate (*Photo 2, page 1/2*). For mounting, in case of a frame, you do not need to remove the number plate from the frame. A frame or license plate cannot be attached to the bumper in specific places where it is not possible to use the product (*Photo 3, page 1/2*). Correct product assembly is when side hooks are outside of the frame or number plate.

Cleaning method

If product is stained, it is advisable to wash its surface with water and a soft cloth.
DO NOT use any chemical solvents like petrol, nitro, toluene, etc. to clean the product surface.

Warranty

The warranty does not cover mechanical damages!

The warranty will only cover damages resulting from hidden manufacture or material defects, provided that product was used in line with the instruction manual and its intended purpose and was not modified by unauthorised persons. The warranty period is 12 months from the date of sale. The warranty covers the right to have the product repaired. Any and all obligations arising from the warranty shall be fulfilled within 30 working days. In order for a claim under the warranty to be accepted, the claimant must notify us of any apparent problems with the product by sending an e-mail to office@cspautomotive.com or filling in a dedicated contact form within 7 days of the fault being detected.
